

Employer of *choice*

FHLBank Topeka's products, services and programs help our member banks provide affordable credit and support housing and community development efforts. We are accepting resumes for the position listed below.

IT Auditor

This position may be filled at a Senior Level depending on the qualifications of the selected candidate.

The individual in this position performs individual information technology audit projects, as part of the total internal audit plan. This responsibility includes developing internal audit scope, developing and performing internal audit procedures, and preparing internal audit reports reflecting the results of the work performed. This position performs follow up with auditees on the status of outstanding internal audit issues, provides assistance to the external auditors, and works on special projects as assigned by internal audit management. Audit procedures assigned are of moderate complexity and require the exercise of judgment. This position also maintains departmental software and assists with financial and performance audits.

Qualifications:

- Bachelor's degree in accounting or information technology (or equivalent work experience) is required.
- One to three years of similar or related experience.
- Obtainment of Certified Information System Auditor (CISA) designation is required within a reasonable and agreed upon time frame after employment.
- Working knowledge of information technology general computer controls, local area networks, MS Windows Server, MS SQL Server and at least one programming language.
- Strong written and verbal communication skills.
- MS Office including Word, Access, Excel and Visio.
- Must be able to work and travel independently and operate all types of general office equipment.

Senior Level - same as above, plus the following:

- Three to five years of similar or related experience.
- CISA designation is required.

In addition to a rewarding, team-oriented work environment, FHLBank Topeka offers opportunities for growth and development, an attractive benefit package including health and dental insurance, 401(k), short-term incentive plan, student loan repayment assistance and much more.
