

## Greater Kansas City Chapter

### Membership Renewal

The ISACA International Board of Directors recently announced their decision to maintain the 2007 association membership dues at the 2006 level. In the interest of using membership dollars wisely, please renew your membership on-line prior to November 15, 2006 so ISACA International can devote more funds toward member benefits rather than postage and processing fees.

To renew on-line, please log-in to [www.isaca.org](http://www.isaca.org) with your personalized log-in credentials. This will place you at the "My ISACA" area of the website where a link to "My Renewals" is provided in the left-hand navigation menu. You will also have the opportunity to renew your certification during this process. For log-in assistance, please visit [www.isaca.org/login](http://www.isaca.org/login).

### ISACA International On-Line Survey

ISACA has experienced substantial membership growth in recent years. So to better serve members worldwide, ISACA International has engaged APCO Worldwide (an independent opinion research firm) to conduct a global online service review on their behalf.

ISACA International has sent the notification of the survey to a selected sample of members worldwide and hopes to gain feedback in regards to what products you value, areas of potential growth, as well as the perceived level of service from International and the local chapter.

If you are a recipient of the online survey, ISACA strongly encourages you to participate and provide your feedback. The survey responses will be kept completely anonymous.

If you have any questions or concerns regarding the survey please address them to Diane Nelson, Director of Membership Services and Distance Learning, at [dnelson@isaca.org](mailto:dnelson@isaca.org).

### CISM Review Course

James McKenney, who passed the recent CISM exam, will facilitate two free study sessions in Kansas City the weekend before the CISM exam including: (1) test taking tips and strategies, (2) use of the official course review materials, and (3) free food and drinks. There will also be remote access capabilities for portions of the study sessions. This will include both telephone and web conference capabilities and online collaboration and study opportunities via Wiki style web pages. Once you have registered for the CISM exam, please contact James McKenney, CISM Coordinator, at (913) 621-8486 or [jmckenney@securitybankkc.com](mailto:jmckenney@securitybankkc.com) in order to participate in the review course.

### Certification Update – December 2006

Registration for the December 9<sup>th</sup> CISA and CISM exams has now closed. Changes to registration information, such as exam site or language, are free of charge until October 12<sup>th</sup>. A US \$50 fee is required for all exam registration changes received between October 13<sup>th</sup> and 27<sup>th</sup>. No changes will be accepted after October 27<sup>th</sup>. To ensure the timely receipt of your admission ticket and exam results, please report any changes in registration information to the certification department immediately. Additionally, the CISM exam in December 2006 will be the last one using the current CISM job practice areas. Candidates should use the 2006 CISM study materials (not those that will soon be available for the 2007 exam).

## ISACA – KC On-line Member Survey

**The Greater Kansas City Chapter wants to hear from you!** Please visit  
<http://www.isaca-kc.org/survey.htm> to offer your thoughts on meeting locations, topics, certifications,  
and networking opportunities. Your input will be considered as we develop future meetings and  
programs for the chapter.

## New & Downloadable from the ISACA International Website

The 2<sup>nd</sup> edition of the IT Control Objectives for Sarbanes-Oxley is now available for download from the  
ISACA International website ([www.isaca.org](http://www.isaca.org)). This publication provides CIOs, IT managers, and  
control and assurance professionals with scoping and assessment ideas, approaches and guidance in  
support of the IT-related Committee of Sponsoring Organizations of the Treadway Commission  
(COSO) internal control objectives for financial reporting. The second edition was updated for recent  
SEC and PCAOB guidance related to entity level controls, risk based/top down approach, application  
controls and evaluation of deficiencies.

The IT Governance Institute, ISACA and the contributors of IT Control Objectives for Sarbanes-Oxley  
have designed this publication primarily as a reference for executive management and IT control  
professionals, including IT management and assurance professionals, when evaluating an  
organization's IT controls required by the US Sarbanes-Oxley Act of 2002.

## Monthly Member Benefits

Did you know that the Greater Kansas City chapter is the only chapter in the world holding a web-  
based CISA review course?

Did you know that of the 345 Greater Kansas City chapter members, 161 members hold a CISA  
certification and 31 members hold a CISM certification?

## Feedback Forum

If you have suggestions regarding presentation topics, speakers or locations, please  
contact our Programs Chair, Rex Johnson, at (816) 802-7733 or [rejohnson@deloitte.com](mailto:rejohnson@deloitte.com).

If you have any suggestions regarding newsletter content or formatting, please contact our  
Secretary/Membership Director, Ariana Lewis, at (816) 802-7787 or [arilewis@deloitte.com](mailto:arilewis@deloitte.com).
