CISA and CISM Registration Update

Registration for the June 2007 Certified Information Systems Auditor™ (CISA®) and Certified Information Security Manager® (CISM®) exams began on November 8, 2006. The early registration deadline is February 14, 2007.

Candidates may view or print a copy of the CISA or CISM Bulletin of Information for the June 2007 exams at www.isaca.org/cisaboi and www.isaca.org/cismboi.

The study materials for the June 2007 CISA and CISM exams are now available for purchase on-line at www.isaca.org.

If you have questions regarding registration, please contact Jerry Wistrand, CISA Coordinator, at (816) 760-7813 or g.wistrand@att.net and James McKenney, CISM Coordinator, at (913) 621-8486 or jmckenney@securitybankkc.com.

Spring 2007 CISA Review Course

The Kansas City ISACA Chapter will be holding a ten-week CISA Review Course for the June 2007 CISA Exam starting on March 28, 2007. Once again, we are excited to have one of our members, Ed Gilliland, facilitate the Spring review course. The review sessions will be held at the Webster University KC campus and offered remotely over the Internet with an audio bridge. The registration fee for this course is \$100 for Kansas City ISACA chapter members and \$125 for all others participants. Participants are also encouraged to purchase the CISA Review Manual available on ISACA's on-line bookstore.

If you have any interest in physically attending a review course at Webster University or participating remotely over the internet, please contact Jerry Wistrand at 816-760-7813 or g.wistrand@att.net. Additionally, please contact Jerry if you are an experienced CISA and are interested in sharing your experiences over one or more CISA topic areas at one of the Spring CISA review course sessions.

CISA and CISM Results Update

The results of the December 2006 exam will be released in early February 2007. Candidates will receive an e-mail result only if they consented to item 25 on the registration form and the exam fee has been paid in full. Candidates should keep their record updated to ensure that current e-mail and postal addresses are available for result correspondence. To prevent the e-mail result notification from being directed to a spam folder, candidates should add certification@isaca.org to their address book, white list or safe-senders list. To ensure the confidentiality of scores, exam results will not be reported by telephone or fax.

ISACA KC On-Line Member Survey

The Greater Kansas City Chapter wants to hear from you! Please visit <http://www.isaca-kc.org/survey.htm> to offer your thoughts on meeting locations, topics, certifications, and networking opportunities. Your input will be considered as we develop future meetings and programs for the chapter.

Standards Update

Feedback is sought on the exposure draft for the IS Auditing Guideline titled Return on Security Investment (ROSI). The draft can be reviewed at www.isaca.org/standardexposure, where comments may also be provided via the online questionnaire posted with the exposure document. All comments received will be carefully considered by the Standards Board. While the online questionnaire is the preferred method for providing comments, they may also be provided via e-mail to standards@isaca.org or via fax to +1.874.253.1443. The deadline to submit comments is January 31, 2007. Please note that to substantiate CISA/CISM CPE credits claimed for exposure draft review under the category "contributions to the IS audit and control profession" (10-hour annual limitation), you should keep a copy of your comments as no formal certificate is awarded.

The Standards Board has issued IS Auditing Guideline G36 Biometric Controls, which is effective for IS audits commencing after February 1, 2007.
